What to do,

With fashion week all wrapped up, there's barely time to catch our breath before the art world descends on London for Frieze next week. We got in the mood with a lunchtime visit to Pilar Ordovas's new eponymous space at 25 Savile Row, which opens with an exhibition exploring Rembrandt's influence on Francis Bacon. With more knockout shows promised for the New Year, we're very happy to welcome her to the neighbourhood.

"Irrational Marks: Bacon Rembrandt" is at Ordovas Gallery, October 7-December 16
